1 wind instrument, organ

eva-maria houben

verschwindungen V

(mein ohr an der muschel)

orgel und ein anderes blasinstrument

organ and another wind instrument

eva-maria houben

2005

pro seite ein zusammenklang: das andere blasinstrument und die orgel.

der bläser spielt irgendwann während des orgelklangs.

die orgel setzt ein, der orgelklang wird längere zeit gehalten (→);  
das andere blasinstrument spielt irgendwann während des orgelklangs.

nachdem es gespielt hat, klingt die orgel noch eine zeitlang weiter.

bei akkorden und clustern zeigen zwei pfeile (höchster und tiefster ton) an, dass der gesamte klang gehalten wird.

die ausführenden wählen seiten aus.

die reihenfolge ist bei der ausführung frei.

blasinstrument:

alle klänge können oktaviert gespielt werden.

ein klang: eine ruhige ausatmung.

überbundene noten: diese klangfolge auf einem atem; frei im tempo.

dynamik: insgesamt eher leise.

organ and wind instrument play simultaneously.

the organ begins and opens a wide space (long duration of the organ sound: →); the wind instrument follows and plays anytime.

when the wind instrument has finished, the organ sound continues for a while.

two arrows indicate the frame of a chord or a cluster; the whole chord or cluster is sustained.

the performers choose the pages for the performance.

free order of the pages.

wind instrument:

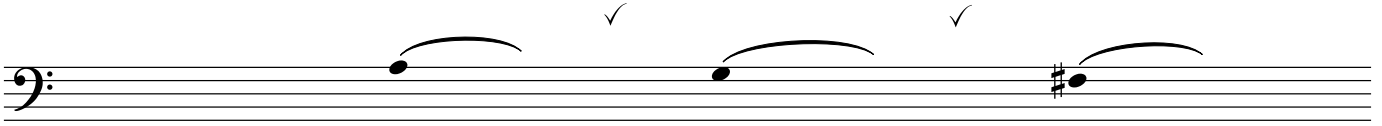

any octaves of each single sound.

each sound on one calm breath.

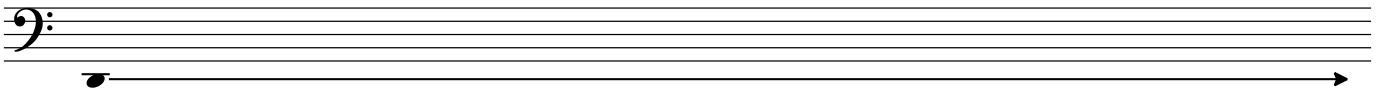

bow: the group of sounds on one breath; free tempo.

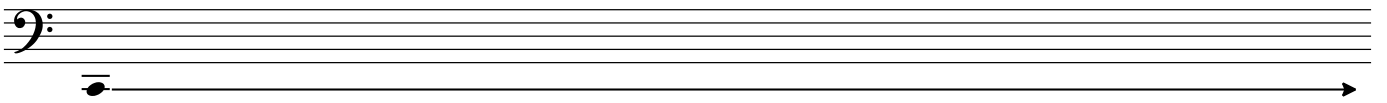

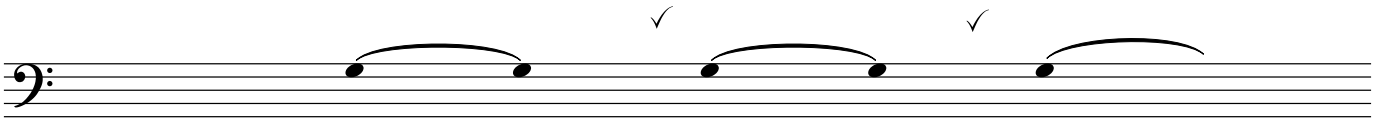

always soft.
