voice & piano

die stücke „voice & piano“ knüpfen an den gedanken an, der den stücken „keyboard music“ für klavier zugrunde liegt:

anfangen und enden...

beginnen und schließen...

crescendo – decrescendo...

ausatmen – einatmen...

kadenzvorgänge vielerlei art.

praeludium, praeambulum: eröffnungen.

ein praeambulum aus der „tablature of adam ileborgh, 1448“ (keyboard music of the fourteenth & fifteenth centuries, edited by willi apel, 1963)): drei liegende klänge – der quintklang c-g, die terz d-fis und wieder der quintklang c-g – tragen eine bewegte oberstimme.

drei klänge: anfang – mitte – schluss...

ein klang: einschwingung – ausgleichsvorgang – ausschwingung...

voice & piano

the pieces “voice & piano“ follow the idea of the pieces “key-board music“ for piano:

beginning – ending.

crescendo – decrescendo...

breathing...

praeludium, praeambulum: openings.

praeambulum of “tablature of adam ileborgh, 1448“ (keybord music of the fourteenth & fifteenth centuries, edited by willi apel, 1963)): three drones – the fifth c-g, the third d-fis and the fifth c-g again – are the base for the voice above.

three sounds: beginning – center – ending...

one sound: transient oscillation.
