instrumente, die lange klänge spielen können.

- a) zwei instrumente mit unbestimmter tonhöhe – oder
- b) zwei instrumente, eines mit unbestimmter, eines mit bestimmter tonhöhe. der spieler des instruments mit bestimmter tonhöhe wählt einen ton frei aus.
- c) zwei instrumente mit bestimmter tonhöhe. die spieler wählen einen gemeinsamen ton: unisono bzw. oktavunisono (auch mit weitem ambitus).

die einmal ausgewählten klänge werden beibehalten.

sehr lange klänge.

die dauer des längsten klangs () ist von den spielern festzulegen; die dauern der anderen klänge () () ergeben sich aus dieser bestimmung.

insgesamt sehr leise.

kein spieler tritt hervor.

eine seite oder mehrere auswählen; mehrere in freier reihenfolge spielen.

instruments playing sustaining sounds.

if you play an instrument whose sounds decay early, you may play soft tremolo.

- a) both instruments play sounds with indefinite pitch;
- b) one instrument plays sounds with indefinite pitch, one with freely chosen pitch;
- c) both instruments play sounds with definite pitch: the players choose together a sound in unison or octave-unison (wide space allowed).

keep the chosen sounds for the duration of the piece.

long sounds (tremolo allowed).

the duration of the longest sound () is determined by the players; the other durations () and () are determined by this first decision.

play softly.

none of the players dominates.

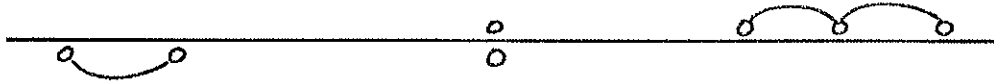

play one or several pages – in any order.
