für ruth walser und dörte nienstedt.

for ruth walser and doerte nienstedt.

freie atemzäsuren.

⤿ : pause.

▭ : sehr, sehr lange pause.

○ : eher lange klänge.

• : eher kurze klänge.

subbass:

 : eine „traube“ von tönen (ad libitum). ein sehr schneller vorschlag, in dem die einzeltöne verschwimmen, fast wie ein (aufgefächerter) cluster.

sopranino:

die flöte beim spielen immer etwas zur seite drehen. flöte so halten (schräg), dass ein großteil der luft am mundloch vorbei streicht. die so entstehenden klänge sind rauchig und haben einen hohen luft- bzw. geräuschanteil.

free breaks to breath.

⤿ : a pause.

┌.┐ : a very long pause.

◦ : rather long sounds.

• : rather short sounds.

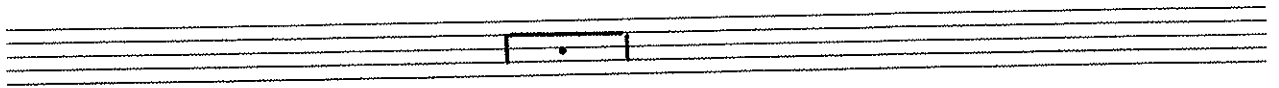

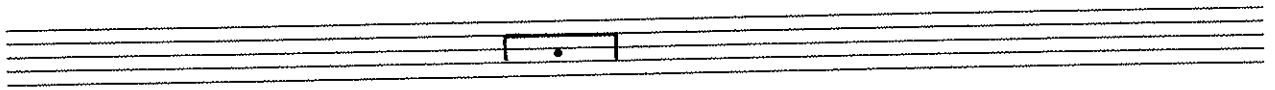

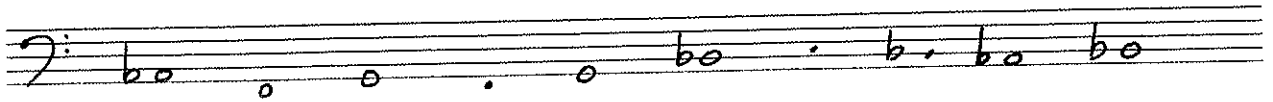

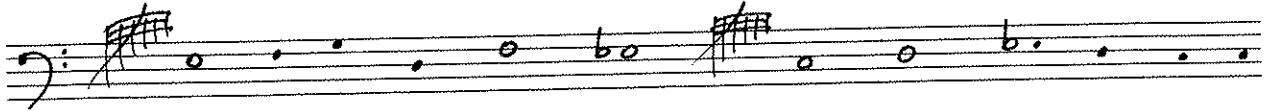

subbass:

 : a wide spread cluster. a very quick short note; a melting-pot for the single sounds which may not be distinguishable.

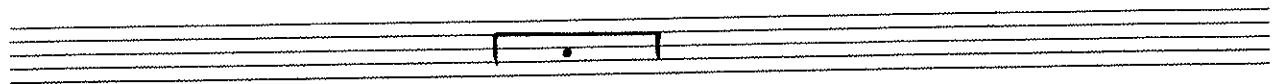

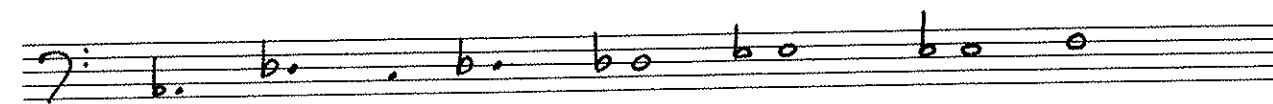

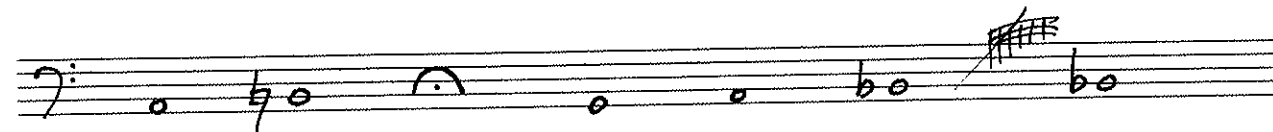

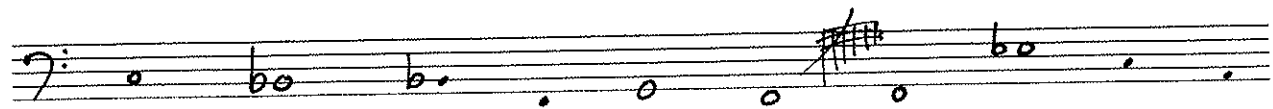

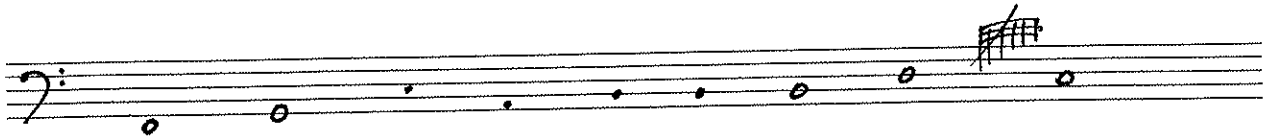

sopranino:

always (during the whole performance) play forming an angle with the flute, so that a great amount of air may pass by the flute. the sounds may be somewhat smoky, with a great quantity of noise.
