2018

listening to Anastassis Philippakopoulos's *song 6*

dedicated to ORDINARY AFFECTS (Boston, October 2018)

A:

width.

a wide space.

calm – silence – solitude.

B:

21 phrases.

each phrase a call.

each phrase for itself.

the ensemble together creates a wide space: nearly nothing.

sometimes nearly inaudible.

preferably very long sustained sounds/ noises (drones) or (very) short ones.

in this wide space members of the ensemble perform some of the phrases: any order, any omissions, any repetitions, any octaves.

soft and quiet.

each phrase a call—means: each phrase might find a response – or not.

the end: when no further call neither an echo appears any more, the wide space remains for a while, then concludes.
